📄 Table of Contents

🌐 General Search Engines

Resource	Description
Google	General-purpose search engine with powerful operators (dorks).
Bing	Microsoft's search engine with rich filtering.
Yahoo!	Web search and content portal.
Yandex	Russian search engine with strong image search.
Ask	Q&A-centric search engine.
Baidu	Popular Chinese search engine.
SearXNG	Privacy-friendly metasearch (self-hostable).
Exalead	Enterprise search platform (web search legacy).
DuckDuckGo	Privacy-first search engine.
Swisscows	Privacy-focused search engine from Switzerland.
Naver	Korean portal and search engine.
AOL	Web search portal.
Brave Search	Privacy-centric search with its own index.
Yep	Search engine by Ahrefs.
Gibiru	Privacy search engine.
Kagi	Subscription-based, ad-free search engine.
Stract	Lightweight privacy-focused search.

🖥️ Servers

Resource	Description
Shodan	Search engine for Internet-connected devices and services.
Censys Search	Internet-wide scanning and certificates search.

Resource	Description
Onyphe	Cyber threat intelligence search engine.
ZoomEye	Global cyberspace mapping.
GreyNoise	Separates Internet background noise from targeted scanning.
Natlas	Open-source scalable network scanning.
Netlas	Search and monitor Internet-exposed assets.
FOFA	Cyberspace search engine (China).
Quake	Internet mapping by 360.
Hunter	Internet search engine for security researchers.
ODIN	Search across scanned Internet assets.
Modat Magnify	Large Internet device "DNA" dataset.

🛡️ Vulnerabilities

Resource	Description
NIST NVD	US National Vulnerability Database (CVEs, CVSS).
MITRE CVE	Official CVE IDs and details.
GitHub Advisory Database	GitHub-originated advisories and CVEs.
CloudVulnDB	Open cloud vulnerability database.
OSV.dev	Open Source Vulnerabilities index.
Vulners	Aggregated security intelligence and vuln search.
OpenCVE	Track CVE updates and get alerts.
Snyk Vulnerability DB	Open source vulnerability database.
Mend Vulnerability DB	Large OSS vulnerability database.

Resource	Description
Rapid7 DB	Vulnerabilities and exploits database.
CVE Details	CVE database and stats.
VulnIQ	Vulnerability intelligence and management.
SynapsInt	Unified OSINT research tool.
Aqua AVD	Cloud native and OSS vulnerabilities.
Vulmon	Vulnerability and exploit search engine.
VulDB	Independent vulnerability database.
ScanFactory CVE Monitor	Real-time security monitoring.
ZDI Advisories	Trend Micro's Zero Day Initiative.
Google Project Zero	Vulnerability research, including 0-days.
Trickest CVE Repo	CVEs with PoCs gathered from the Internet.
CNVD	Chinese National Vulnerability Database.
InTheWild.io	CVEs actively exploited in the wild.
Vulnerability Lab	Research, bug bounties, and assessments.
Red Hat Security	Red Hat security advisories.
Cisco Advisories	Cisco product security advisories.
MSRC	Microsoft vulnerability updates.
VARIoT Vulns	IoT vulnerability database.
Lambda Watchdog	CVE dashboard for AWS Lambda.
cvefeed.io	Up-to-date CVE and advisory feeds.
CVE Crowd	Track actively discussed CVEs.
Wiz Vuln DB	Cloud-focused vulnerability tracking.

Resource	Description
Shodan CVEDB	API for quick vulnerability lookups.
Vulert	Recent issues in open-source packages.

💣 Exploits

Resource	Description
Exploit-DB	Community-driven exploit database.
Sploitus	Aggregated exploit search engine.
Rapid7 DB	Vulnerability and exploit database.
Vulmon	Vulnerability and exploit search.
Packet Storm	Security news, tools, exploits.
0day.today	Exploit and vulnerability database.
LOLBAS	Living-off-the-land binaries, scripts, libraries (Windows).
GTFOBins	Unix binaries for privilege escalation.
Payloads All The Things	Payloads and bypass techniques (web).
XSS Payloads	XSS payload resources.
ExploitAlert	Exploit database.
RevShells	Reverse shell generator.
HackerOne Hacktivity	Public bug bounty reports.
Bugcrowd Crowdstream	Accepted and disclosed submissions.
GTFOArgs	Unix binaries argument injection techniques.
Shell-Storm Shellcode	Shellcode database.
Hacking the Cloud	Cloud attack encyclopedia.

Resource	Description
LOLDrivers	Vulnerable and malicious Windows drivers.
PwnWiki	Post-exploitation TTPs collection.
CVExploits	CVE exploit index.
VARIoT Exploits	IoT exploits database.
LOOBins	Living off macOS binaries.
Coalition ESS	Exploit likelihood scoring model.
WADComs	Interactive cheat sheet for Windows/AD tools.
LOLApps	Apps used for day-to-day exploitation.
Living off the Hardware	Malicious hardware/device tradecraft.
Living Off the Pipeline	CI/CD tool abuse to achieve code execution.
hackyx.io	Index of security resources and reports.
exploit.observer	Exploit and vulnerability intelligence.
VulnCheck XDB	Git-hosted exploit PoCs index.
Sploitify	Interactive list of public server-side exploits.
LOLESXi	Native binaries/scripts in VMware ESXi.
LOLAD	Active Directory native techniques and commands.
Project LOST	Security tools leveraged by adversaries.
CSPBypass.com	Content Security Policy bypasses.
LOTTunnels	Abusable digital tunnels and use-cases.

🎯 Attack Surface

Resource	Description
FullHunt	Global attack surface database.
BinaryEdge	Internet scanning and exposure data.
Censys ASM	Attack Surface Management platform.
RedHunt Labs	Continuous attack surface discovery.
SecurityTrails	Internet asset inventory.
Overcast Security	External attack surface monitoring.
IPinfo	IP geolocation and metadata.
IPData	IP geolocation and threat intel API.
NetworksDB	Company-owned IPs, networks, and domains.
ASNlookup	Quick ASN, org, and prefix lookup.
BGP.tools	Browse BGP and Internet ecosystem data.
BGPView	IP, ASN, IXs, ISPs, and BGP data.
BigDataCloud	Network and location APIs.
RADb	Public routing registry.
Deepinfo	Aggregated Internet exposure data.
Cloudflare Radar	Global Internet and attack trends.
IPIP	IP database with real-time BGP/ASN data.
Hurricane Electric BGP	BGP toolkit and ASN lookups.
Webscout	Attack surface discovery and brand protection.
Awseye	OSINT tracking of public AWS data.
S4E	CTEM platform for scanning/monitoring assets.
ipquery.io	IP address API for developers.

💻 Code

Resource	Description
GitHub Code Search	Global code search across GitHub.
GitLab	Code hosting with advanced search.
SourceForge	Open-source software platform.
grep.app	Search across many public git repos.
publicwww	Search HTML/JS/CSS source online.
SearchCode	Code search across many projects.
NerdyData	Search websites by code and tech stack.
RepoSearch	Source code search engine.
Sourcegraph	Understand and search codebases.
HotExamples	Code examples from many projects.
WPDirectory	Regex search of WP plugins/themes.
GitHub Gist Discover	Discover public gists/snippets.
Codeberg	FOSS git hosting and projects.
Pagure	Fedora's code hosting platform.
Launchpad	Bug tracking, code hosting, Ubuntu packages.
repo.or.cz	Public git hosting.
gitorious.org (mirror)	Read-only archive of old Gitorious.
SourceHut	Lightweight dev tools and hosting.
Android.googlesource.com	Android git repos.
deps.dev	Package dependency metadata (by Google).
WebFinery	Search the source code of the web.

Resource	Description
Google Code Archive	Archived Google Code projects.
Snipplr	Code snippet search and share.
Postman Public Collections	Public API collections and workspaces.
ScriptMafia	Nulled scripts site (use caution).
SearchFTPs	FTP search engine.
Ecosyste.ms	Open API for package and dependency data.
SwaggerHub Search	Search public APIs and domains.

✉ Email Addresses

Resource	Description
Hunter.io	Find professional emails by domain.
Phonebook.cz	Index of domains, emails, and URLs.
Intelligence X	Data archive and search engine.
Reacher	Open-source email verification.
RocketReach	Contact discovery for professionals.
email-format.com	Common email formats by company.
Email Hippo	Email verification tools.
That'sThem Email	Reverse email lookup.
verify-email.org	Mailbox existence check.
Melissa Emailcheck	Email verification.
VoilaNorbert	Email finder tool.
SynapsInt	Unified OSINT research tool.

Resource	Description
Skymem	Find company and people emails.
FindEmails	Find verified emails.
Experte Email Finder	Find emails by name and company.
EmailSherlock	Reverse email lookup and reputation.
Anymail Finder	Verified emails finder.
Tomba.io	Email finder with deliverability checks.
Snov Email Finder	Find emails anywhere on the web.
EmailSearch.io	Find emails/phones by domain, name, LinkedIn.
Email Permutator+	Generate possible email permutations.
EmailRep	Email reputation API.
MailboxValidator	Email validation service.
ContactOut	Personal and work email finder.
validemail.io	Deliverability validation API.
Predicta Search	Reverse lookup by email/phone.
Infoga	Domain email discovery via OSINT.

🌍 Domains

Resource	Description
Phonebook.cz	Index of domains, emails, URLs.
Intelligence X	Data archive and search engine.
Omnisint Subdomains	Subdomain enumeration.
Riddler	Domain and subdomain dataset search.

Resource	Description
Robtex	IPs, domains, routes intelligence.
DomainDossier	Investigate domains and IPs.
DomainIQ	Domain ownership intelligence.
DomainTools WHOIS	WHOIS and domain intelligence.
Grayhat Shorteners/URLs	Search URL shortener exposures.
Whoisology	Link domains by WHOIS pivots.
Who.is	WHOIS and website tools.
Pentest-Tools Subdomains	Subdomain discovery.
BuiltWith	Tech stack analysis.
MoonSearch	Backlink checker and SEO.
Netcraft Site Report	Site infrastructure and tech.
SynapsInt	Unified OSINT research tool.
StatsCrop	Website analytics/meta.
SecurityHeaders	Scan HTTP security headers.
Visual Site Mapper	Visual map of website structure.
Similarweb	Site traffic and analytics.
Grayhat Buckets	Public buckets index.
C99.nl	Multi-purpose OSINT APIs.
wannabe1337 Tools	Online OSINT/infosec tools.
C99 Subdomain Finder	Domain-wide subdomain scan.
AnubisDB	Subdomain enumeration tool.
HypeStat	Website statistics and info.

Resource	Description
Private Key Project Tools	Security tools (subdomain search).
SiteDossier	Profiles for millions of sites.
SpyOnWeb	Find sites sharing same IDs.
HaveIBeenSquatted	Typosquatting check.
ExpiredDomains.net	Expired/backorderable domains.
SubDomainRadar	High-accuracy subdomain discovery.
Google Safe Browsing	Safety status of sites.

🔗 URLs

Resource	Description
Phonebook.cz	Index of domains, emails, URLs.
Intelligence X	Data archive and search engine.
urlscan.io	Web sandbox and URL analysis.
HackerTarget	IP/DNS/HTTP toolset.
Moz Link Explorer	Backlink analysis.
Grayhat Shorteners	Exposed URL shortener links.
CommonCrawl Index	Web crawl index.
URLVoid	URL reputation checker.
Norton Safe Web	Site safety ratings.
CheckPhish	Real-time URL scanner.
web-check	One-stop OSINT for websites.
TinyScan	URL detail inspection.

Resource	Description
urldna.io	Website insights and risk exposure.

🌐 DNS

Resource	Description
DNSDumpster	DNS recon and mapping.
ProjectDiscovery Chaos	Community DNS data for bug bounty targets.
RapidDNS	Query subdomains and reverse IP.
DNSDB	Passive DNS history (Farsight).
Omnisint Reverse DNS	Reverse DNS lookup.
HackerTarget	DNS/Network tools.
Mnemonic PassiveDNS	Passive DNS lookups.
PTRArchive	Massive reverse DNS archive.
DNSHistory	DNS historical records.
DNSTwister	Phishing/typosquat domain generator.
DNSViz	DNSSEC visualization and analysis.
C99.nl	OSINT API suite.
wannabe1337 Tools	Online OSINT tools.
DNSlytics	Domain/IP/provider intelligence.
dnsrepo.noc.org	DNS repository search.
DNSSpy	DNS monitoring and validation.
ZETAlytics	Global passive DNS datasets.
AskDNS	Connected domains and IPs.

Resource	Description
360 PassiveDNS	Passive DNS in China.
MXToolbox SuperTool	DNS, MX, blacklist lookups.
NSLookup.io	DNS record lookups.
Robtex DNS Lookup	Nameserver and DNS detail.
DNSMap	Worldwide DNS propagation.
Validin	Free DNS history search.
dnslookup.pro	Advanced DNS record analysis.
ViewDNS.info	25+ DNS/network tools.

🔐 Certificates

Resource	Description
crt.sh	Certificate Transparency search.
CTSearch (Entrust)	CT log search.
tls.bufferover.run	Find certificates in IPv4 space.
CertSpotter	Monitor issued/expiring/invalid certs.
SynapsInt	Unified OSINT research tool.
Censys Certificates	Certificates indexed by Censys.
ciphersuite.info	TLS cipher suite reference.
CertificateDetails	View and download certs online.
Facebook CT Search	CT search with alerts.
certs.io	TLS certificate search.
ODIN Certificate Search	Cert search via ODIN.

📶 WiFi Networks

Resource	Description
Wigle	Maps and database of Wi-Fi networks.
WiFi Map	Global hotspot map/app.
WiFi Cafe Spots	Free WiFi locations.
WiFiSPC	Wi-Fi passwords map.
OpenWiFiMap	Community Wi-Fi mapping.
Mylnikov	Wi-Fi geolocation API.

📱 Device Information

Resource	Description
MACVendorLookup	MAC to vendor lookup.
Macvendors.com	MAC vendor lookup.
macaddress.io	OUI/MAC vendor lookup.
maclookup.app	MAC vendor by OUI/MAC.
macvendors.co	MAC vendor lookup.

🔑 Credentials

Resource	Description
Have I Been Pwned	Check for breached email/phone.
DeHashed	Credential leaks search (deep web).
LeakCheck.io	Check if credentials were leaked.

Resource	Description
CrackStation	Hash cracking lookup tables.
HashKiller	Pre-cracked hash database.
LeakedPassword	Search multiple breach datasets.
BugMeNot	Shared logins for websites.
Hashes.com	Online hash cracking/decryption.
Hashmob	Password recovery community.
WhiteIntel	Check company exposure to info-stealers.
ntlm.pw	NTLM hash lookups.
Hudson Rock Tools	Free cybercrime intel tools.
HackedList.io	Domain-based credential compromise check.
HaveIBeenSold	Check if your email was sold.
Leak.sx	Leaked accounts index.
Scattered Secrets	Check if your password leaked.
InfoStealers.info	Insights from infostealer logs.

💧 Leaks

Resource	Description
WikiLeaks	Leaks from anonymous sources.
Leak-Lookup	Search across breach datasets.
Snusbase	Database breach search.
WeLeakInfo	Dehashed breached databases.
BreachDirectory	Check if data exposed in breaches.

Resource	Description
BreachForums	Leaks and breach discussions (use caution).
Siph0n Breach DB (onion)	Breaches/exploits (Tor required).
Exposed.vc	Databreach discussions & leaks.
DDoSecrets	Non-profit publishing/archiving leaks.
Have I Been Zuckered	Facebook breach checker.
Cryptome	Government-prohibited publications.
LeakPeek	Public leak search by email/username.
BreachCheck.io	Lookup and download exposed personal data.
OCCRP Aleph	Investigative research archive.
LeakRadar	Public infostealer logs lookups.
Offshore Leaks	Offshore companies and trusts.
Venacus	Search breaches and leaked docs.

🕵️ Hidden Services

Resource	Description
Ahmia	Search engine for Tor hidden services.
Hidden Wiki	Dark web link directory.
tor.link	Deepweb/Darknet search engine.
deepweblinks.net	Onion links directory.
OnionEngine	Tor services search engine.
OnionLand	Discover Tor hidden services.
DarkWebDaily	Darknet navigation resource.

📱 Social Networks

Resource	Description
Facebook	Social network.
Instagram	Photos and video sharing.
YouTube	Video platform.
Twitter/X	Microblogging platform.
LinkedIn	Professional networking.
Reddit	Communities and discussions.
Pinterest	Visual discovery.
Tumblr	Blogging platform.
Flickr	Photo sharing.
Snapchat	Messaging and stories.
WhatsApp	Messaging app.
Quora	Q&A platform.
TikTok	Short-form video.
Vimeo	Video platform.
Medium	Writing and blogs.
WeChat	Chinese messaging app.
VK	Russian social network.
Weibo	Chinese microblogging platform.
Tinder	Dating app.
Threads	Instagram's text posts app.

📞 Phone Numbers

Resource	Description
NumLookup	Free reverse phone lookup.
SpyDialer	Reverse lookup search.
WhitePages	People search and contacts.
National Cellular Directory	People search.
Phone Validator	Validate line type and status.
Free Carrier Lookup	Carrier details by phone number.
RocketReach	Professional contacts.
Sync.me	Identify callers (reverse lookup).
EmobileTracker	Owner name/location from number.
ReversePhoneLookup.com	Reverse lookup.
That'sThem Phone	Reverse phone lookup.
ThisNumber	International phone directories.
USPhonebook	Reverse phone lookup (US).
TruePeopleSearch	People search with phone/email.
Tellows	Crowd-sourced caller ID.
SynapsInt	Unified OSINT research tool.
C99.nl	OSINT API suite.
ValidNumber	Reverse phone lookup (US/CA).
CellIDFinder	Find GSM base stations.
OldPhoneBook	Historical US phone listings.
Spokeo	Reverse lookup and public records.

Resource	Description
Intelius Phone	Reverse phone owner details.
ZabaSearch Phone	Reverse phone to personal info.
AnyWho Phone	Reverse lookup.
Radaris Phone	Identify phone owner.
ReversePhoneCheck	Reverse phone info.

🖼️ Images

Resource	Description
Google Images	Reverse and general image search.
Baidu Image	Baidu image search.
Yahoo Image	Yahoo image search.
Yandex Images	Strong reverse image search.
FaceCheck ID	Face-based people search.
Bing Visual Search	Visual search by image.
ReverseImageSearch.org	Reverse image search tool.
ReverseImage.net	Find where images appear online.
Pixsy	Image theft detection.
Pimeyes	Face search engine.
Pictriev	Find look-alike celebrities.
Karma Decay	Reverse image search for Reddit.
Infringement Report	Image copyright detection.
TinEye	Reverse image search engine.

Resource	Description
Flickr Search	Photo search.
Sogou Images	Chinese image search.
Jimpl	EXIF and metadata viewer.
Same Energy	Visual similarity search.
Pixabay	Free stock images.
FotoForensics	Image forensics and ELA.
Exif Data	Online EXIF viewer.
Image Identify	Wolfram image recognition.
ScamDigger PicSearch	Reverse image search for scams.

🛡️ Threat Intelligence

Resource	Description
MITRE ATT&CK	Adversary tactics/techniques knowledge base.
Pulsedive	Threat intel platform and IOCs.
ThreatCrowd	Threat search engine (domains/IPs/hashes).
ThreatMiner	TI data mining/search.
VirusTotal	Multi-AV scanning for files/URLs.
VX-Underground	Malware source code and papers.
MalwareBazaar	Malware sample DB by abuse.ch.
Feodo Tracker	Botnet C2 tracking.
Joe Sandbox	Sandboxing and hunting.
SSL Blacklist	Malicious SSL certs.

Resource	Description
URLHaus	Malware URLs feed.
ThreatFox	IOC database.
YARAify	Scan files with YARA rules.
Rescure	Curated TI for everyone.
OTX AlienVault	Open TI community and pulses.
urlquery	Analyze web-based malware.
SOCRadar	External attack surface + TI.
VirusShare	Large malware sample repository.
PassiveTotal (RiskIQ)	Internet intelligence platform.
malapi.io	Windows APIs used by malware.
filesec.io	File extensions abused by attackers.
LeakIX	Public exposure search engine.
Triage	Automated malware sandboxing.
PolySwarm	Crowd-sourced threat detection.
Cisco Talos	Cisco's TI and research.
ScamSearch	Find/report scammers.
CyberCampaigns	Threat actor info/write-ups.
ORKL	Community-driven CTI library.
Maltiverse	Aggregated TI from 100+ sources.
InQuest Labs	TI for FDR signatures/rules.
PhishTank	Community phishing data.
IntelOwl	OSINT/TI meta-API.

Resource	Description
Lupovis PROWL	Live scan/attack telemetry.
AbuseIPDB	IP abuse reports and reputation.
Sucuri SiteCheck	Website malware scanner.
Spamhaus	IP/domain reputation data.
ThreatBook	TI platform.
Shadowserver	Non-profit Internet security data.
Team Cymru	TI and ASM solutions.
BeVigil	Mobile app security search.
CIRCL	National CERT services and tools.
MetaDefender Cloud	Advanced scanning and analysis.
Cybersixgill	Dark web monitoring and TI.
Hybrid Analysis	Free malware analysis service.
IBM X-Force Exchange	TI sharing platform.
The DFIR Report	Real intrusion case studies.
Detection.FYI	Sigma rules search.
WhoisXML API	Domain/IP intelligence APIs.
APIVoid	IP/Domain reputation and tools.
ANY.RUN	Interactive malware sandbox.
Filescan.io	File/URL/IOC report search.
MalShare	Public malware repository.
Kaspersky OpenTIP	Scan files/domains/IPs/URLs.
Malwares.com	Malware search and analysis.

Resource	Description
APKLab	Android malware intel platform.
Scumware	Latest malware reports.
LoFP	Collection of common false positives.
HijackLibs	DLL hijacking opportunities.
bootloaders.io	Known malicious bootloaders.
WTFBins	Benign apps with suspicious behavior.
LOFLCAB	Living off foreign land (non-native tools).
OpSecFailure	Examples of OPSEC mistakes.
TrailDiscover	CloudTrail events knowledgebase.
ScamDB	Report and search scams.
OpenPhish	Phishing intelligence feeds.
ThreatIntelligencePlatform	Automated TI tools and APIs.
Hunt.io	Observed scanning/attack intel.
LOLC2	C2 frameworks over legit services.
seized.fyi	List of seized websites.
InfoTrail	Advanced OSINT/TI search engine.
RuleHound	Index of detection rulesets.

🕰️ Web History

Resource	Description
Internet Archive	Historical copies of web pages.
Archive.ph	Permanent web page snapshots.

Resource	Description
CachedPages	Retrieve cached versions of URLs.
stored.website	View cached websites.
CommonCrawl	Open web crawl data.
UK Web Archive	UK website archiving.
Arquivo.pt	Portuguese web archive.
Archive-It	Archiving for institutions/NGOs.
HAW	Croatian web archive.

📁 Files

Resource	Description
Pastebin	Share text snippets online.
MEGA	Encrypted cloud storage and sharing.
4S.io	File search/store/share.
files.fm	Community-shared files.
edisk.cz	File storage and search.
DoodStream Search	DoodStream file search.
UVRX Search	File storage search engine.
filesearch.link	Search archives, media, books, etc.
Rapidgator Search	Rapidgator file search.

📷 Surveillance Cameras

Resource	Description
Insecam	Directory of online surveillance cameras.
Surveillance under Surveillance	Public cameras and guards map.
World Cams	Live streaming webcams.
SkylineWebcams	Live HD webcams worldwide.
WebKams	Live webcams directory.
WorldCam	Global webcam index.
Webcam Hopper	Worldwide live webcams.
Live Traffic	Live EU traffic cameras.
Geocam.ru	World webcams map.
Moldova Borders Webcams	Official border webcams.
EarthCam	Tourism/entertainment webcams.
Webcam Taxi	Virtual travel via webcams.
LiveWorldWebcams	Live streaming webcams.
AlleCam	Webcams across Europe/world.
WXYZ Webcams	Real-time webcams.

₿ Crypto

Resource	Description
ChainAbuse	Report malicious crypto activity.
Blockchair	Multi-chain explorer and analytics.
BlockCypher	Blockchain explorer.

👤 People

Resource	Description
TruePeopleSearch	Free US public records search.
TruthFinder	People search by name.
BeenVerified	Public records and contact info.
ZabaSearch	Free people and public info search.
PeekYou	People search and profiles.
PeopleFinders	People search service.
Pipl	Identity and trust data (B2B).
That'sThem People	Find contact details by name.
snitch.name	Social profiles lookup.
Webmii	People search engine.
FastPeopleSearch	Name/phone/address search.
Sorted By Name	Genealogy links and references.
Radaris	People and background data.
Addresses.com	People search and public info.
Advanced Background Checks	Free people search.
Yasni	People search (news, photos, links).
USA Data Search	US public data index.
AnyWho	People and business directory.
Lullar	Profile search by email/name/username.
Ancestry	Genealogical records search.
Genealogy.com	Genealogy forums and articles.

Resource	Description
US Search	Public records and background checks.
Findmypast	Historical records and genealogy.
FamilySearch	Free genealogical records.
iTools Wink Search	People search meta-tool.
Intelius	Public data and connections.
WhatsMyName	Enumerate usernames across sites.
Namecheckr	Social and domain availability.
Username Search	Reverse username search.
The Org	Public org charts.

🔧 Miscellaneous

Resource	Description
DorkSearch	Speed up Google dorking.
usersearch.org	Find someone by username/email across sites.
Wappalyzer	Website technology fingerprinting.
Awakari	Real-time search across RSS, Fediverse, Telegram, etc.
Can I use	Browser support tables.
Dark Visitors	Track/control AI crawlers.

⚠️ Not Working / Paused

Resource	Notes
DNS BufferOver	Currently offline.

Resource	Notes
NetoGraph	Service inactive.
Hashdd	Service paused.
CVE Trends	Unavailable / paused.
